

Callender Aeropart, part of the RLC Group of Companies provides engineered components and supply solutions to the Aerospace and Power Generation sectors.

We are looking to enlarge and strengthen our workforce to facilitate further expansion into these markets. We currently have a vacancy for:-

MANUFACTURING ENGINEERS

Our manufacturing engineers are responsible for delivering world class manufacturing solutions across a range of complex CNC machined products and associated processes. Using the latest technologies you will be challenged with providing innovative solutions to production which deliver on quality, cost and lead-time.

Candidates should have; Experience of C.N.C. machining in both hard and soft metals; Significant CAD/CAM experience ideally using Unigraphics software with NX experience. The ability to organise, plan and control a number of live projects simultaneously. An aerospace background is essential for this role.

The salary and package will be highly competitive, reflecting the nature of the position.

If you are keen to join a forward-looking Company and you believe you match our requirements then send us your C.V. Previous applicants need not apply.

Further information can be obtained from our web site www.rlc-callender.com

Please note the site operates a no-smoking policy, your compliance with this is a condition of employment.
